EDUCATION

Graphic Era Hill University

Master of Computer Applications

Bhimtal, Uttarakhand

Sep 2022 – June 2024

Kumaun University

Bachelor of Science (PCM)

Nainital, Uttarakhand

Aug 2018 – Dec 2021

CERTIFICATES

A Job Ready Bootcamp in C++, DSA and IOT

July 2022 – Oct 2022

iNeuron.ai

[Certificate Link](#)

- This comprehensive course has equipped me with the necessary skills and knowledge about c language and to build logic building.
- I have learned to optimize and write programs that are easily manitainable and scalable.
- learned about little bit of IOT how it actually works at basic level.

PROJECTS

Random Password Generator | *HTML/CSS, Javascript (Link)*

Sep 2022 – Oct 2022

- Developed a web-based password generator application to create strong and secure passwords for user accounts.
- Implemented a strength indicator feature to evaluate the strength of the generated password based on factors like length, inclusion of uppercase/lowercase letters, numbers, and symbols.
- Ensured the application is responsive across different devices and screen sizes for a seamless user experience.

Comprehensive Movie Companion Tool(MoWeb) | *HTML/CSS,ReactJS,TMBDApi (Link)*

May'23 – June'23

- Moweb, an innovative web application that serves as the ultimate movie companion.
- With Moweb, accessing information about movies becomes effortless. You can explore a vast database of films, from timeless classics to the latest releases, covering a wide range of genres and languages.
- Moweb prioritizes user experience by providing a user-friendly and intuitive interface.

Training-Schedule-Management | *C++ (Github Link)*

Feb 2024 – Feb 2024

- This is a system that helps companies to keep track of schedules of all the trainings happening in the organization.
- Enabled admin users to create, update, allocate schedules, and generate monthly reports
- Allowed faculty to view and cancel assigned training sessions, with secure authentication for all users.
