Education

Graphic Era Hill University	**Sep 2022 – Jun 2024**
Master of Computer Applications	*Bhimtal, Uttarakhand*
Kumaun University	**Aug 2018 – Dec 2021**
Bachelor of Science (P.C.M)	*Ramnagar, Uttarakhand*

Technical Skills

Languages: C/C++,HTML,CSS, JavaScript,Java,SQL
Libraries/Frameworks: React.js , Redux , Tailwind CSS , MongoDb,React-Router,Node.js
Developer Tools: VS Code, Eclipse, Dev C++, Postman,Git,Github

Relevant Coursework

- Data Structures
- Software Methodology
- Operating System
- Database Management

Projects

Bhojan-Bliss A Food-App | *Css,React.js,Redux-toolkit, Parcel.js ,Google OAuth,API* 🎧 ↗ **August 2024**
- Leveraged real-time data integration from Swiggy.com to deliver dynamic, up-to-the-minute user interactions.
- Architected and implemented custom hooks (e.g., useOnlineStatus, useRestaurantMenu) to optimize application performance and streamline logic workflows
- Designed and modularized reusable components such as Header, Footer, and RestaurantCard, ensuring scalability and long-term code maintainability
- Executed state management strategies using Context API and Redux Toolkit, and employed mock data to simulate production environments for rigorous testing and validation.

Movie Companion Tool-MoWeb | *Vite+React.js,Tailwind Css,Redux,Tmbd Api* 🎧 ↗ **Jan 2023**
- MoWeb, an advanced web application, serves as the ultimate movie companion, revolutionizing how users access and engage with cinematic content.
- Streamlined access to an extensive film database, encompassing everything from timeless classics to the latest releases, across diverse genres and languages.
- Engineered a user-centric interface with a focus on usability and intuitive design, enhancing overall user experience and engagement.

Training-Schedule-Management | *C++* 🎧 **May 2024**
- Developed a scheduling system to streamline the management of training sessions across the organization
- Empowered admin users to efficiently create, update, and allocate training schedules, and generate detailed monthly reports.
- Implemented faculty-specific functionalities, allowing instructors to securely view and manage their assigned sessions, including the ability to cancel when necessary, with robust authentication protocols for all users.

Experience

Zidio Development	**August 2024 – September 2024**
Web Development Intern	*Remote*

- Assisted in designing and implementing responsive web interfaces using HTML, CSS, and JavaScript to enhance user experience.
- Collaborated with the development team to debug and troubleshoot issues, ensuring code quality and adherence to best practices.
- Participated in code reviews and sprint meetings, providing feedback and insights to improve project outcomes and team efficiency.

Leadership / Extracurricular

- Organized and executed campus-wide events, such as workshops and quizzes , enhancing the academic and social experience for over 60+ attendees.
- Authored a review paper titled "Enhancing Trust in Online Transactions: A Comprehensive Analysis of E-Commerce Security Measures", analyzing current security measures in e-commerce and their impact on trust and transaction safety.
